

Pro Peroxide - Hydrogen Peroxide

Commercial
LAUNDRY
CATERING
FIRE SAFETY

Overview

Hydrogen Peroxide is tough on difficult and stubborn stains, known for its bleaching, disinfecting, and oxidizing properties. Best used in conjunction with Pro Bright - Detergent and Pro Velvet - Fabric Conditioner

'Pro Peroxide' releases oxygen into water. This reacts with oils and organic material causing them to disintegrate, decolorize, and disperse in the wash water.

Compatible with Auto Dosing Pumps ✓
